

Release Notes

Release Date (September 10, 2026)

Readiness Insight is continuously being improved and enhanced to provide the best product for you, our client. We provide regular updates which include improvements for performance and reliability. In addition to these **New Features**, we will include a list below of Readiness Insight **Fixed Issues** and **Improvements**. As a Readiness Insight client, your experience is very important to us and we provide this guide as an understanding of periodic changes.

For further information please contact our customer support through the support portal.

👍 New Features

- N/A

🚀 Improvements

- Administration>Training>Task Lists>Tasks
 - Prevent users from adding multiple rows of signature authorities on a task

A screenshot of the 'Task Sign Off' form in the Readiness Insight application. The form has a top bar with buttons: 'Hide', 'Restore Version', 'Remove', 'Copy', and 'Save'. Below this is a tabbed interface with tabs for 'Detail', 'Behavior', 'Sign Off' (which is active), 'Pre-Requisites', 'Questions', and 'Comments'. The 'Task Sign Off' section contains a 'Sign off Type:' dropdown menu set to 'Normal' and a 'Retain Signatures:' checkbox which is checked. Below this is a table with two columns: 'Authority' and 'Alternate Authority'. The 'Authority' column has a checkbox and a text input field containing 'INDIVIDUAL'. The 'Alternate Authority' column has an empty text input field. Both input fields have a blue '...' button to their right.

- Administration>Evaluations>Assessments
 - Expanded Name length from 30 characters to 50 characters
- Prevent privileged users from viewing tests while the tests are in a status of Active and Paused
- Tests will no longer move from a status of Waiting to Active when a privileged user Reviews or Prints a test
- Non Proctored tests
 - As soon as the individual clicks the Start button the second time the test will move to a status of Active
- Proctored tests
 - As soon as the proctor enters their credentials the test will move to a status of Active

✔ **Fixed Issues**

- Signature Authority names change when versioning a task
