

Release Notes

Nov 18, 2022

Readiness Insight is continuously being improved and enhanced to provide the best product for you, our client. We provide regular updates which include improvements for performance and reliability. In addition to these **New Features**, we will include a list below of Readiness Insight **Fixed Issues** and **Improvements**. As a Readiness Insight client, your experience is very important to us and we provide this guide as an understanding of periodic changes.

For further information please contact our customer support through the support portal.

New Features

- N/A
-

Improvements

- System>Jobs
 - System jobs will no longer be visible to the clients. If the client can't wait for the job to run during its scheduled time frame then they must contact the System Administrator.
 - Adding a new task to a Task List places the Individual task lists that were completed back into In progress
 - Task List Updater job has been updated to support the needs of our clients to not impact those task lists that are in a "Complete" and "Complete Not Current" status.
-

Fixed Issues

- N/A
