

Release Notes

September 1, 2021

Readiness Insight is continuously being improved and enhanced to provide the best product for you, our client. We provide regular updates which include improvements for performance and reliability. In addition to these **New Features**, we will include a list below of Readiness Insight **Fixed Issues** and **Improvements**. As a Readiness Insight client, your experience is very important to us and we provide this guide as an understanding of periodic changes.

For further information please contact our customer support through the support portal.

New Features

- N/A

Improvements

- Updated URL for our clients
 - <https://{client}.readinessinsight.alphaprime-solutions.com>
 - <https://{client}.training.readinessinsight.alphaprime-solutions.com>
- Updated URL for the Release notes
 - <https://readinessinsight.alphaprime-solutions.com>
- A persons middle initial field is now allowed 2 characters
- Personal emails are now being removed upon check out

Fixed Issues

- Resolved the issues of when personnel checked into another organization and their accreditations and task lists remained active
 - When an individual now checks into another organization all active accreditations and task lists will go into a status of "Held Previous Command"
- Resolved the issues of Work Schedules changing left menus when being approved
- Resolved the Notification section of the dashboard when the total # for each section (Actions, Alerts, checkins) goes to 0 when signing an item off within each section
- Resolved the issue to where it looks like you can add a signature authority for an individual
 - Once you remove a signature authority from an individual you must re-assign the job or re-document the accreditation in order for the individual to receive the signature authority back
