

READINESS INSIGHT

Release Notes

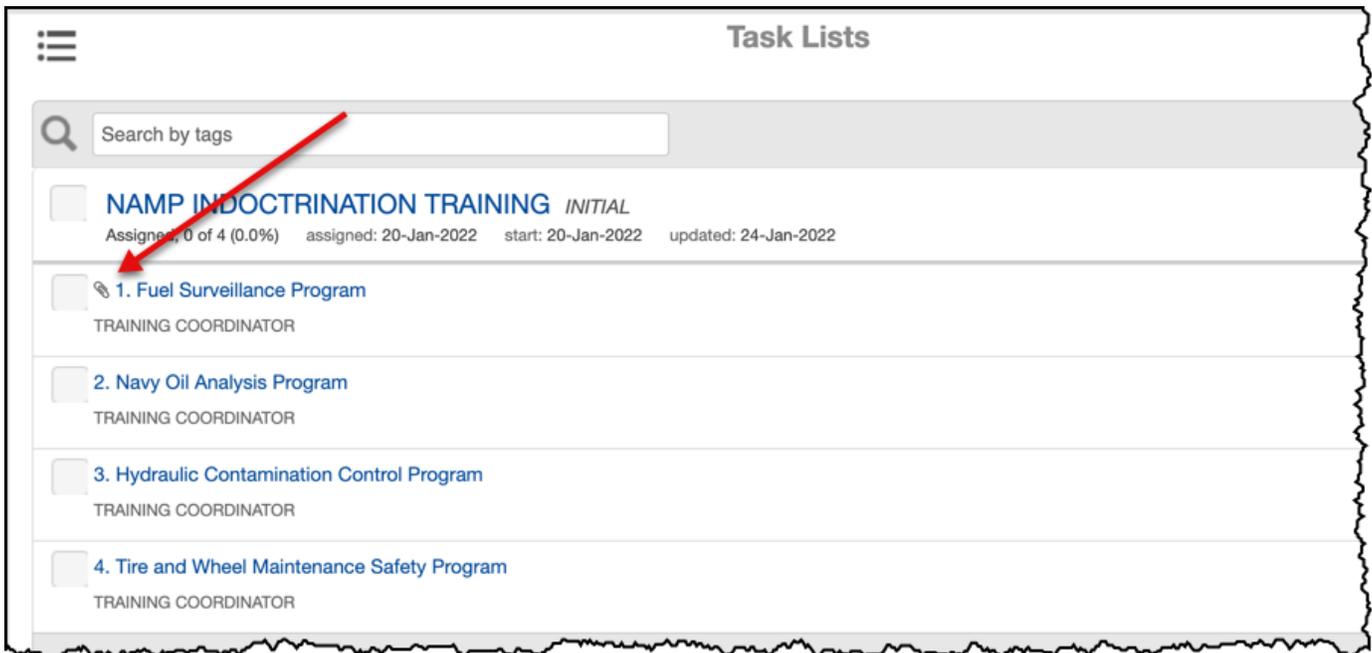

January 25, 2022

Readiness Insight is continuously being improved and enhanced to provide the best product for you, our client. We provide regular updates which include improvements for performance and reliability. In addition to these **New Features**, we will include a list below of Readiness Insight **Fixed Issues** and **Improvements**. As a Readiness Insight client, your experience is very important to us and we provide this guide as an understanding of periodic changes.

For further information please contact our customer support through the support portal.

New Features

- Tasks (From the Administration side) that include supporting documentation can now be seen by the users.
 - When a document has been added to a specific task, a paperclip icon will appear notifying users that there has been supporting document(s) added.

- Assigned Task List looking into the details of a specific task
 - Task Attachments will appear as a read only
