

Release Notes

Jan 20, 2021

ASMi is continuously being improved and enhanced to provide the best product for you, our customer. We provide regular updates which include improvements for performance and reliability. In addition to these standard improvements, we have included a list below of ASMi and Command Portal enhancements and refinements. As an ASMi customer, your ASMi experience is very important to us and we provide this guide as an understanding of periodic changes.

For further information please contact our customer support number at (210) 761-9611 or email at support@asmisystem.com.

✓ Fixed Issues

Command Portal > Scheduled Reports

- User's will now have the ability to identify whether or not they should receive scheduled reports when there is no data. The default for this behavior will be unchecked.

The default for creating a new scheduled report with this behavior will not be checked

E-Mail Notification
Send Report When No Data:
<input type="checkbox"/>

The default for existing scheduled reports will have this behavior checked

E-Mail Notification
Send Report When No Data:
<input checked="" type="checkbox"/>
